## 'Gourmet to Go' Family Roast Hamper Topside of Beef Cooking Instructions

Pre-heat your oven to 180°C before placing food into the oven

### **Topside of beef** (uncooked, 1kg) **marinated with garlic and wholegrain mustard** (Mu)

Remove the raw joint of beef from the fridge around 30 minutes before cooking to allow it to come to room temperature

While your oven is heating, seal the beef in a hot pan for 3 -4 minutes over a high heat until all sides are lightly browned

Place the meat in a roasting tin – you could add a trimmed leek or onion in the tin beside your beef, this will caramelise during cooking and add both colour and flavour to your gravy (discard after cooking)

Place your beef in the oven then cook at 180°C according to the following timings:

**40 minutes per 1kg plus 20 minutes (for rare)**

**50 minutes per 1kg plus 20 minutes (for medium)**

**60 minutes per 1kg plus 20 minutes (for well done)**

If you have a meat thermometer you can check when the meat is cooked to 45 - 55°C for rare, 58 - 65°C for medium or 70 - 75°C for well done

Remove from the oven once cooked to your liking and leave to rest in a warm place, covered in foil, for 15 – 20 minutes before carving
